

GUK Cycle 2 Work Scheme

The GUK Cycle 2 Work Scheme is a great employee benefit you can take advantage of.

The scheme is all about encouraging people to embrace cycling as a regular mode of transport you can use to get to and from work. Cycling not only helps reduce our collective carbon footprint, but also offers you many health benefits including improved cardiovascular fitness, better mental well-being, and reduced stress levels - and as low-impact exercise, it's kinder to your joints! Regular cycling has been shown to have lots of other benefits too, such as encouraging you to spend time outside and getting to know your local area and community better.

How does it work?

You can purchase a bike and related cycling equipment at a discounted rate. The cost of the bicycle and equipment will be spread over a fixed period through a salary sacrifice arrangement, resulting in tax and National Insurance savings for you!

You can get a whole new bike, a second bike if you already have a bike, or accessories to make your cycling experience safer and more fun.

How do I apply?

Go to www.cycle2work.info and click on 'Employee Sign Up'. This is where you register using your unique employer code: **GUARDINGC2W**.

You'll receive an email with a link to verify your email address and complete your application. Your application will be sent off to your employer, and once approved, you'll receive your Letter of Collection by email.

When can I apply and how much can I apply for?

The scheme is open until 31st August 2023, and will reopen again next summer, so make sure you get your applications in soon! You can apply for anything between £100 and £1000.

How do I know how much to apply for?

We recommend finding your perfect bike and accessories before applying so you know exactly what amount to apply for. It's important to get this right, because you can't amend your application once it has been approved.

Are there any additional benefits?

When you enrol onto the Cycle2Work scheme, you will have access to the following benefits:

- 10% off cycling essentials at Halfords for 12 months
- Unlimited lifetime safety check on all cycles obtained through the scheme
- Lifetime Guarantee on Halfords brand cycles
- 14 days free cycle insurance
